<p><i>Below is our allergen information so that you can make informed choices about the dishes you order. Whilst every effort is made to minimise contamination our ingredients are produced and our dishes prepared in environments where allergens are present. We cannot therefore guarantee that any items on our menu are allergen-free. Where a dish 'contains' one or more allergens, this is where they are present as an intentional ingredient. Where a dish 'may' contain an allergen, this is where our supplier has told us that the ingredient is produced in a factory where this allergen is handled and there is a significant risk of cross-contamination. The ingredients within our dishes which are deep-fried will be cooked in the same fryers as other ingredients which may contain allergens and there may be a risk of cross contamination. Please check the allergen information every time you visit our restaurant because we may have changed the recipe or the ingredients of one or more of our dishes.</i></p>
